### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Abstract, the last line "[Selected drawing] Fig. 2" has been deleted.

### ***Allowable Subject Matter***

2. Claims 6-8 allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 6, the applicants has presented a persuasive argument, see pages 3-4 of the response, filed on 2/15/2006, that the cited reference of Kakehi does not disclose mounting the substrate on the top surface of the electrode in such a manner that a central portion and a peripheral portion of the insulating layer of the substrate are in contact with the top surface central area and the insulating coating in the top surface peripheral area, respectively. Therefore, the rejection of claim 6 under 35 U.S.C 102(b) as being anticipated by Kakehi has been withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
